

ELENCO DELLE PUBBLICAZIONI di Raffaele Sassi

(aggiornamento gennaio 2014)

- SCHENATO L., AUTIZI E., CALZAVARA F., GALGARO A., GALTAROSSA A., MARCATO G., PASUTO A., SASSI R., TEZA G., VIANELLO L. (2013). *Rockfall precursor detection based on rock fracturing monitoring by means of optical fiber sensors*. Journal of Sustainable Materials and Structural Systems, 1, 2, 123-141.
- MARITAN L., MAZZOLI C., SASSI R., SPERANZA F., ZANCO A., ZANOVELLO P. (2013). *Trachyte from the Roman aqueducts of Padua and Este (north-east Italy): a provenance study based on petrography, chemistry and magnetic susceptibility*. European Journal of Mineralogy (in print) DOI: <http://dx.doi.org/10.1127/0935-1221/2013/0025-2282>.
- BARTOLI O., MELI S., SASSI R., MAGARACI D. (2013). *Amphiboles and clinopyroxenes from Euganean (NE Italy) cumulus enclaves: evidence of subduction-related melts below Adria microplate*. Rend. Fis. Acc. Lincei (in print) DOI 10.1007/s12210-013-0232-6
- GATTA G.D., MCINTYRE G.J., SASSI R., ROTIROTI N., PAVESE A. (2011). *Hydrogen bond and cation partitioning in muscovite: A single-crystal neutron diffraction study*. American Mineralogist, 96, 34-41. DOI: 10.2138/am.2011.3595
- DEVOTI S., SILENZI S., AMICI I., AMINTI P., AMODIO M., BOVINA G., CALLORI VIGNALE C., CAPIETTI L., CHIOCCHINI O., DI GREGORIO F., GINESU S., MAZZOLI C., MORI E., PARLAGRECO L., PRANZINI E., ROSSI L., SASSI R., SERRELI A., SIMONETTI D., TOMASSETTI P. & VANNUCCHI V. (2010). *Il sistema spiaggia-duna della Pelosa (Stintino)*. S. Devoti & S. Silenzi (eds), ISPRA, Quaderno 1/2010, pp. 288. (ISBN: 978-88-448-0458-9).
- SCHENATO L., PARK M., PALMIERI L., LEE S., SASSI R., GALTAROSSA A., OH K. (2010). *Characterization of a novel dual-core elliptical hollow optical fiber with wavelength decreasing differential group delay*. Optic Express, Optical Society of America, 18, (19), 20344-20349.
- SPIESS R., CESARE B., MAZZOLI C., SASSI R., SASSI F.P. (2010). *The crystalline basement of the Adria microplate in the eastern Alps: a review of the palaeostructural evolution from the Neoproterozoic to the Cenozoic*. Rend. Fis. Acc. Lincei, 21, (Suppl 1), S31-50. DOI 10.1007/s12210-010-0100-6
- SASSI R., BRIGATTI M.F., GOMEZ-PUGNAIRE M.T., PERUZZO L., TELLINI F. (2010). *What drives the distribution in nature of 3T vs. 2M1 polytype in muscovites and phengites? A general assessment based on new data from metamorphic and igneous granitoid rocks*. American Mineralogist, 95, 1182-1191.
- CESARE B., MAZZOLI C., SASSI R., SPIESS R., SASSI F.P. (2010). *Beauty and complexity of metamorphism: case studies from the frontal part of the Adria microplate*. Rend. Fis. Acc. Lincei, 21, (Suppl 1), 73-94. DOI 10.1007/s12210-010-0078-0
- SASSI R., DIENI I., SASSI F.P. (2008). *Geo-petrographic data on the metamorphic rocks with Cambrian, Silurian and Devonian fossils in the Agordo area (Southalpine metamorphic basement of the Eastern Alps, Italy)*. Bulletin of the Tethys Geological Society, Cairo, 3, 19-28. ISSN: 1687-4889.
- CIBIN G., CINQUE G., MARCELLI A., MOTTANA A., SASSI R. (2008). *Order-disorder in the octahedral sheet of metamorphic 2M1-phengites: A combined EMPA and AXANES study*. American Mineralogist, 93, 414-425, Lawrence. ISSN: 0003-004X.
- SASSI R., CRUCIANI G., MAZZOLI C., NODARI L., CRAVEN J. (2008). *Multiple titanium substitutions in biotites from high grade metapelitic xenoliths (Euganean Hills, Italy): full crystal chemistry and appraisal of petrologic control*. American Mineralogist, 93, 339-350, Lawrence. ISSN: 0003-004X.
- FERRI F., BURLINI L., CESARE B., SASSI R. (2007). *Seismic properties of lower crustal xenoliths from El Hoyazo (SE Spain): Experimental evidence up to partial melting*. Earth and Planetary Science Letters, 253, 239-253, Amsterdam. ISSN: 0012-821X.
- KISCH H.J., SASSI R., SASSI F.P. (2006). *The b_0 lattice parameter and chemistry of phengites from HP/LT metapelites*. European Journal of Mineralogy, 2, 207-222, Stuttgart. ISSN: 0935-1221.
- RAMIREZ-SANCHEZ E., HERVE F., KELM U., SASSI R. (2005). *P-T conditions of metapelites from metamorphic complexes in Aysen, Chile*. Journal of South American Earth Sciences, 19 (3), 373-386. ISSN: 0895-9811.

- LELKES-FELVÁRI G., SCHUSTER R., FRANK W., SASSI R. (2005). *Metamorphic history of the Algyő High (Tisza Mega-unit, basement of Great Hungarian Plain) A counterpart of crystalline units of the Koralpe–Wölz nappe system (Austroalpine, Eastern Alps)*. Acta Geologica Hungarica, Vol. 48/4, pp. 371–394. ISSN: 0236-5278.
- PÁL-MOLNÁR E., LELKES-FELVÁRI G., BATKI A., SASSI R. (2005). *Metamorphic petrology and geochemistry of the Sarkadkeresztúr Basement-High with special regard to orthogneiss (Tisza Mega-unit, SE Hungary)*. Acta Geologica Hungarica, Vol. 48/4, pp. 395–418. ISSN: 0236-5278.
- SASSI R., MAZZOLI C., MILLER C., KONZETT J. (2004). *Geochemistry and metamorphic evolution of the Pohorje Mountain eclogites from the Easternmost Austroalpine Basement of the Eastern Alps (Northern Slovenia)*. Lithos, 78, 235-261, Amsterdam. ISSN: 0024-4937.
- SASSI F. P., CESARE B., MAZZOLI C., PERUZZO L., SASSI R., SPIESS R. (2004). *The crystalline basements of the Italian Eastern Alps: a review of the metamorphic features*. In: Castelli D. and Cesare B.(Eds.) "Advances in Metamorphic Petrology: browsing through Italian classic areas, case studies, and approaches", Per. Mineral. Special Issue 2, 23-42. ISSN: 0369-8963.
- SASSI R., VENTURINI C., ARKAI P. (2004). *The boundary between the unmetamorphic - very low-grade and low-grade domains in the Southalpine basement s.l. of the Eastern Southern Alps: a review*. In: Castelli D. and Cesare B.(Eds.) "Advances in Metamorphic Petrology: browsing through Italian classic areas, case studies, and approaches", Per. Mineral. Special Issue 2, 131-143. ISSN: 0369-8963.
- SASSI R., MAZZOLI C., SPIESS R., CESTER T. (2004). *Towards a better understanding of the fibrolite problem: the effect of reaction overstepping and surface energy anisotropy*. Journal of Petrology, 45, 1467-1479, Oxford. ISSN: 0022-3530.
- BORIANI A., SASSI F.P., SASSI R. (2003). *The Basement Complexes in Italy, with special regards to those exposed in the Alps: a review*. Episodes, 26, 186-192. ISSN: 0705-3797.
- MAZZOLI C., SASSI R., BURLINI L., CESARE B., PERUZZO L., SPIESS R., SASSI F.P. (2003). *The abundance of 55 elements and petrovolumetric models of the crust in the Aurina and Pusteria valleys (site 4)*. In: The abundance of 55 elements and petrovolumetric models of the crust in 9 type areas from the crystalline basements of Italy, with some geophysical and petrophysical data, F.P. Sassi et al. (Eds.), Acc. Naz. Sci, Scritti e Documenti, 32,197-251. ISSN: 0391-4666.
- BURLINI L., CESARE B., MAZZOLI C., MELI S., PERUZZO L., SASSI R., SPIESS R., SASSI F.P. (2003). *Standardized operational procedures for the project "Composition and evolution of the continental crust, with special regard to the Italian crystalline basements"*. In: The abundance of 55 elements and petrovolumetric models of the crust in 9 type areas from the crystalline basements of Italy, with some geophysical and petrophysical data, F.P. Sassi et al. (Eds.), Acc. Naz. Sci, Scritti e Documenti, 32, 23-34. ISSN: 0391-4666.
- MELI S., SASSI R. (2003). *The "Venice Granodiorite": its features and consequent constraints on the "Caledonian" and Variscan events in the Alpine domain*. Rend. Fis. Acc. Lincei, 9, 14, 179-204. ISSN: 1120-6349.
- MELI S., SASSI R. (2003). *Petrography, age and geochemistry of the buried "Venice Granodiorite" (Northern Italy)*. Schweiz. Mineral. Petrogr. Mitt., 83, 57-61, Zürich. ISSN: 0036-7699.
- MAZZOLI, SASSI R., BURLINI L. (2002). *Experimental study of the seismic properties of Eastern Alps (Italy) along the Aurina - Tures - Badia Valleys transect*. Tectonophysics, 374, 179-194, Amsterdam. ISSN: 0040-1951.
- LELKES Gy., SASSI R., FRANK W. (2002). *Tertiary S-C mylonites from the well Bajansenyé, Western Hungary*. Acta Geol. Hungarica, 45, 1, 29-44. ISSN: 0236-5278.
- MAZZOLI C., SASSI R., BARONNET A. (2001). *A peculiar Ms-Pg textural association in a chloritoid-bearing micaschist recording a multistage P-T path*. Eur. J. Mineral., 13, 6, 1127-1138, Stuttgart. ISSN: 0935-1221.
- RAMÍREZ E., SASSI R. (2001). *The baric character of the Patagonian basement as deduced from the muscovite $d_{060,331}$ spacing: a first contribution from Eastern Andean Metamorphic Complex (Andes, Chile)*. Eur. J. Mineral., 13, 6, 1119-1126, Stuttgart. ISSN: 0935-1221.
- MAZZOLI C., MELI S., PERUZZO L., SASSI R., SPIESS R. (2000). *Litostratigrafia, magmatismo e metamorfismo nel basamento cristallino delle Alpi Orientali: una rassegna delle attuali conoscenze*. Atti e Memorie dell'Accademia Galileiana di Scienze, Lettere ed Arti, CXVII, 25-95. ISSN: 1592-1743.
- SASSI R., HARTE B., CARSWELL T., YUJING H. (2000). *Trace element distribution in Central Dabie eclogites*. Contrib. Mineral. Petrol. 139, 298-315, Berlin. ISSN: 0010-7999.

- ZANE A., SASSI R., C.V. GUIDOTTI (1998). *New data on metamorphic chlorite as a petrogenetic indicator mineral, with special regard to greenschist-facies rocks*. *Canad. Mineral.*, 36, 713-726, Montreal. ISSN: 0008-4476.
- SASSI R., ZANE A. (1997). *On the compositional variability of metamorphic chlorites as an effect of the micro-site chemistry*. *Rend. Fis. Acc. Lincei*, 9, 8, 77-93. ISSN: 1120-6349.
- BUTTURINI F., PERUZZO L., SASSI R., SCARPERI E. (1995). *Growth history of two garnet porphyroblast of the Cima Dura-Durreck Complex and its implication on the polymetamorphic evolution of this complex (Austrides, Eastern Alps)*. *Rend. Fis. Acc. Lincei*, 9, 6, 223-238. ISSN: 1120-6349.
- ÁRKAI P., SASSI F.P., SASSI R. (1995). *Simultaneous measurements of chlorite and illite crystallinity: a more reliable tool for monitoring low- to very low grade metamorphism in metapelites. A case study from the Southern Alps (NE Italy)*. *Eur. J. Mineral.*, 5, 1115-1128, Stuttgart. ISSN: 0935-1221.
- SASSI R., ÁRKAI P., LANTAI Cs., VENTURINI C. (1995). *Location of the boundary between the metamorphic Southalpine basement and the Paleozoic sequences of the Carnic Alps: illite "crystallinity" and vitrinite reflectance data*. *Schweiz. Mineral. Petrogr. Mitt.*, 75, 399-412, Zürich. ISSN: 0036-7699.
- SASSI F.P., GUIDOTTI C.V., BLENCOE J.G., SASSI R. (1994). *The paragonite-muscovite solvus: new results*. *Per. Min.*, 63, 1/3, 169-178. ISSN: 0369-8963.
- SASSI F.P., NEUBAUER F., MAZZOLI C., SASSI R., SPIESS R., ZIRPOLI G. (1994). *A tentative comparison of the Paleozoic evolution of the Austroalpine and Southalpine quartzphyllites in the Eastern Alps*. *Per. Min.*, 63, 1/3, 35-52. ISSN: 0369-8963.
- LELKES Gy, SASSI R., ZIRPOLI G. (1994). *Lithostratigraphy and metamorphism of the Paleozoic Sequences with Mediterranean affinity in Bakony Mountains, Hungary*. *Mem. Sci. Geol.*, 46, 303-312. ISSN: 0391-8602.
- GUIDOTTI C.V., SASSI F.P., SASSI R., BLENCOE J.G. (1994). *The effects of ferromagnesian components on the paragonite-muscovite solvus: a semiquantitative analysis based on chemical data for natural paragonite-muscovite pairs*. *J. Met. Geol.*, 12, 779-788, Oxford. ISSN: 0263-4929.
- MAZZOLI C., SASSI R., VOZAROVA A. (1992). *The pressure character of the Alpine metamorphism in the Central and Inner Western Carpathians (Czecho-Slovakia)*. *Mineralia Slovaca, Special Volume to the Problems of the Paleozoic Geodynamic Domains*, 109-117, Bratislava. ISSN: 0369-2086.
- MAZZOLI C., SASSI R. (1992). *New chemical data on the upper Ordovician acidic plutonism in the Austrides of the Eastern Alps*. *IGCP No. 276 Newsletter*, 5, 263-277.
- SASSI R., SPIESS R. (1992). *Further data on the pre-Alpine metamorphic pressure conditions of the Austroalpine phyllitic complexes in the Eastern Alps*. *IGCP No. 276 Newsletter*, 5, 297-307.
- SASSI R., VOZAROVA A. (1992). *Pressure character of the Variscan metamorphism in the Gemericum and Veporicum (West Carpathians, Czecho-Slovakia)*. *Boll. Soc. Geol. It.*, 11, 33-39. ISSN: 0037-8763.
- PERUZZO L., SASSI R. (1992). *Sulla variabilità compositiva delle miche nell'ambito dello stesso affioramento di metapeliti di basso grado: un esempio. 2:Le muscoviti e considerazioni conclusive*. *Rend. Fis. Acc. Lincei*, IX, 3, 1, 43-55. ISSN: 1120-6349.
- PERUZZO L., SASSI R. (1991). *Sulla variabilità compositiva delle miche nell'ambito dello stesso affioramento di metapeliti di basso grado: un esempio. 1:Le biotiti*. *Rend. Fis. Acc. Lincei*, IX, 2, 4, 389-401. ISSN: 1120-6349.
- ARKAI P., SASSI R., ZIRPOLI G. (1991). *On the boundary between the low- and very low-grade southalpine basement in Pustertal: X-ray characterization of muscovite in metapelites between Dobbiaco (Toiblach, Italy) and Leiten (Austria) (Eastern Alps)*. *Mem. Sci. Geol.*, 43, 293-304. ISSN: 0391-8602.
- LELKES-FELVARI Gy., SASSI R., ZIRPOLI G. (1991). *Further data on the phyllitic Paleozoic sequence with Mediterranean affinity from Bakony Mountains (Hungary)*. *IGCP No.276, Newsletter No.3, Mineralia Slovaca*, 23, 431-433, Bratislava. ISSN: 0369-2086.
- SASSI R. (1989). *Evoluzione T-P di alcune metamorfite mineralizzate a scheelite dell'Unità Aspromonte (Arco Calabro-Peloritano)*. *Rend. Soc. Ital. Miner. Petr.*, 43/3, 657-670. ISSN: 0037-8828.

BONAZZI A., MAZZOLI C., SASSI R. (1988). *Characterization of metamorphism in the metapelites of the Bithia Formation, C. Malfatano-Chia Area (Southern Sardinia)*. Per. Miner., 57, 31-40. ISSN: 0369-8963.

MAZZOLI C., SASSI R. (1988). *Caratteri del metamorfismo ercinico nella fillade sudalpina ad ovest di Bressanone*. Mem. Sci. Geol., 40, 295-314. ISSN: 0391-8602.
